## PREFACE

*Revised 1, 1897 at San Francisco*

**T**HIS work was begun just to know who and where our ancestors were ; but we found we had data to show a record back only about one hundred years, and that not complete ; so the work was taken up to get in line, as far as possible, down to the present time. We have tried to get information from each family, so it would be correct. We also had to get help from other sources, including data from the Lenox Library in New York, and especially the Congressional Library at Washington, D. C. The translation of some of the Gregory records is from the Old Style English and was done at the British Museum in London.

Hoping this little book will be useful to these interested, for whom the work was done,

I am sincerely and truly yours,

C. J. THORPE.

Dated at Mt. Vision, N. Y.,  
April 1, 1916.
